Sponsorship Opportunities:

YOUR SPONSORSHIP MAKES A DIFFERENCE!

Sponsorships help underwrite the cost of the race so participant donations can fully support melanoma research and awareness. As it has been from the beginning, we strive to keep registration fees as low as possible and offer free entry to families when needed.

It is powerful when families and friends can come together and walk with – or in honor of – a loved one. There are no metrics for that kind of healing and the far-reaching affects of your sponsorship dollar.

The Jack H. Marston II Melanoma Fund Fights Melanoma By:

- Doing everything we can to prevent the disease.
- Funding research to outsmart the disease.
- Empowering, informing and supporting those living with the disease.
- Advocating for patient and public policies for affordable treatment of the disease.
- Rallying others to get involved in the fight against the disease.
